

# PAM FOSHAY – WATER QUALITY PROJECTS

## CLFLWD COST-SHARE

In cooperation with the Comfort Lake / Forest Lake Watershed District, the Chisago SWCD assisted in the planning and implementation of multiple practices to improve water quality for Moody Lake and its watershed. These projects include: clean water diversion systems, fencing livestock out of surface water wetlands, creating a filter strip of vegetation in a riparian area, sediment and nutrient filtration system. These projects not only improve water quality but also fish and wildlife habitat.

### Partners:

Comfort Lake / Forest Lake Watershed District  
Chisago SWCD

### Pollutant Reduction:

TSS: 1,060 lb/yr  
TP: 0.77 lb/yr  
(BWSR Pollution Reduction Calculator)

### Targeted Water:

Moody Lake

### Completion Date:

8/17/2011
