

CHISAGO SWCD AND GRAPHIC HOMES RAIN GARDEN

The Chisago SWCD planned and planted a rain garden at the USDA Ag Service Center. The parking lot and the building drain to this portion of the parking lot picking up grass clipping, leaves, and sediment from the parking lot. This garden infiltrates 100% of the runoff in less than 12 hours.

Partners:

Chisago SWCD
Graphic Homes, Inc.

Targeted Water:

North Branch of the
Sunrise River

Completion Date:

10/2010
