

**Minnesotans  
have adopted  
17,499  
storm drains**

**Adopt-A-Drain.org**

We LOVE our  
Minnesota water &  
work to keep it clean!

We're excited that Chisago County is now officially part of the Adopt-a-Drain program!

If you live in an area with storm drains, we need your help to keep your local rivers and lakes clean and healthy!

Adopting a storm drain means taking a few minutes every month to clear your storm drain of debris, including litter, leaves, grass clippings and dirt.

It's a great family-friendly activity and bonus – you even get to name your storm drain!

Want to do right by your local river or lake?

Keep it healthy by adopting a storm drain near you! A quick 15 minutes each month can help ensure that litter, leaves, grass clippings, and dirt don't make it to your local waterbody.

Sign up at [mn.adopt-a-drain.org](http://mn.adopt-a-drain.org) today!

What can happen when leaves, grass clippings, and dirt go down the storm drain?

They end up in local streams and lakes, adding phosphorus that can support algal growth and blooms!

YOU can help prevent that from happening! A simple 10-15 minutes a month of cleaning a storm drain can help protect the waterbodies you love!

Adopt a storm drain today at [mn.adopt-a-drain.org](https://mn.adopt-a-drain.org)!

**Don't let pollutants make it  
to YOUR local lake**

**adopt a storm drain today!**

We have some amazing lakes here in Chisago County and now YOU can do something that helps protect them!

Adopt a local storm drain and keep it clear of litter, leaves, grass clippings, and dirt. It takes only minutes every month and is a great earth and family-friendly activity!

Sign up at [mn.adopt-a-drain.org](https://mn.adopt-a-drain.org) today!

adopting a local storm drain =  
great family activity + cleaner water  
[MN.ADOPT-A-DRAIN.ORG](http://MN.ADOPT-A-DRAIN.ORG)

Adopting a local storm drain is a great family activity that not only helps our lakes and rivers stay clean and healthy, but it's a quick and easy task that can be done at all ages. Head on over to [mn.adopt-a-drain-.org](http://mn.adopt-a-drain-.org) today!

**ADOPT A STORM DRAIN NEAR YOU!**

**[MN.ADOPT-A-DRAIN.ORG](http://MN.ADOPT-A-DRAIN.ORG)**

Weeds are a common complaint we hear about in our lakes. Weeds grow due to high nutrient levels in the water, with one of those sources being the leaves, grass clippings, and dirt coming in from our local storm drains.

YOU can help break the cycle by adopting a storm drain near you and taking a few minutes every month to clear it out. Be part of the solution!
